SUMMER 1994

## Delta Delta Leaves Favorable Impression

Grand Consul Murray McComas in a letter to Consul Gavin Philipps noted that since his own AES visit over 30 years ago he has "had an opportunity to get to know a number of Delta Delta undergraduates and alumni brothers and, through them, have always had a strong impression of Delta Delta". Murray comments that following his review of the chapter's most recent AES visitation report "nothing in it alters this impression".

This year Assistant Executive Secretary (AES) Jon Chace visited Delta Delta in March and implemented the newly restructured AES program. In years past the AES visited a chapter and noted all the areas he felt were lacking. The former program allowed for little input from the brothers and served more as an evaluation and report card. Under the new format the AES program focuses on helping the chapter identify its own weaknesses and putting the chapter's own ideas in place to improve itself. During Delta Delta's visit Jon held five different discussion groups which were open to all the brothers in the house. The topics covered were: the history of the Ritual, leadership development, rush and recruitment, and communication skills and techniques.

Over 130 members of Delta Delta participated in the 1994 Alumni Golf Outing held at the River Glen Country Club, near Indianapolis.

## ALUMNI HOST ANNUAL GOLF OUTING

The 4th Annual Delta Delta Alumni Golf Outing hosted by the House Corporation on June 11 was once again a great success. Participation by over 130 brothers made this year's attendance a record. Brothers returned from 17 states and traveled from as far away as Oregon, Texas, California, Florida, North Carolina New Jersey and Minnesota. Classes present ranged from Jack Leslie '37 to a strong showing from 10 brothers from the brand new alumni class of 1994.

Unlike last year's rain shortened event the weather was ideal as the 33 foursomes teed off in the shotgun start Florida style scramble. The golf and competition were superb and at the end of the 18 hole contest the team of Josh Brown '94, Don Fesko '94, Wes Dillingham '94 and Craig Witmer '94 took home first place honors with a round of 62 -- 9 under

par. Four other teams finished close behind with 7 under 64's. Closest to the pin awards went to Dave Hopping '85 and Jay Smith '83, and longest drive honors to Dave Richter '84 and Dave Westerbeck '83.

Best Class Participation recognition went to the Class of 1986. The Most Distinguished alumnus present who had not been recognized in prior events was Jack Carlisle '54.

Many of the brothers started the day together with brunch at the Eller House. Then it was off to the River Glen Country Club in Fishers, IN where the beverages and stories flowed and the golf and dinner were outstanding. Although a few teams were in contention for the top prize throughout the day, most of the golfers spent the afternoon playing a fun round of golf and catching up on old times.

## THE SIGMA CHI CREED

I believe in fairness, decency, and good manners. I will endeavor to retain the spirit of youth. I will try to make my college, the Sigma Chi Fraternity, and my own chapter more honored by all men and women and more beloved and honestly respected by our own brothers. I say these words in all sincerity that Sigma Chi has given me favor and Distinction; that I will endeavor to so build myself and so conduct myself that I will ever be a credit to our Fraternity.

## CONSUL'S CORNER

Gavin Philipps ΔΔ'95

As I write this the brothers of Delta Delta are preparing for finals and packing their things up for summer. The last few weeks of the semester have been enjoyable for everyone, especially the eleven graduating seniors. "Senior Wisdom" was delivered at the final chapter meeting and, as always, the insight, the challenges and the memories imparted to all of us make this a very moving experience.

Grand Prix this year was celebrated with the women of Kappa Kappa Gamma. Festivities included traveling to a Chicago White Sox game, water sliding down the front hill and hosting a number of parties at the house. Our week was started off on a high note when Walt Norfleet received one of the Grand Prix scholarships at the "Night on Slayter Hill" awards presentation.

Mother's Day was a huge success with a large number of parents and family members returning. The chapter would like to thank everyone involved for supporting this event.

Our chapter continues to be a leader on campus. Brian Griffiths was named the new President of the Gimlet Leadership Honorary and will fulfill his role in the 1994-95 school year. Gimlet is dedicated to promoting school spirit and leadership, and has the duty of ringing the Victory Bell at all home football games. Two new initiates, Ryan Meixner and Travis Jonis, have been selected to serve on the IFC's Alcohol Policy Board in the fall. And finally, the Ross Award, one of Purdue's most prestigious awards, was bestowed on Jeff Hackelman '94. The Ross Award recognizes the student who has contributed the most

to the students and faculty at Purdue. Jeff has not only been a leader on campus, but he has done a great deal to advance Sigma Chi and Delta Delta during his years here.

I would like to take this opportunity to thank all of our alumni who have supported the chapter this year. Your efforts help keep Delta Delta at the top where she belongs. I, and the other brothers, look forward to meeting many of you at Homecoming in the fall. For those of you planning reunions, please contact me so we can make any necessary arrangements.

In Hoc,  
Gavin Philipps '95

## AES VISIT . . .

*Continued from page 1*

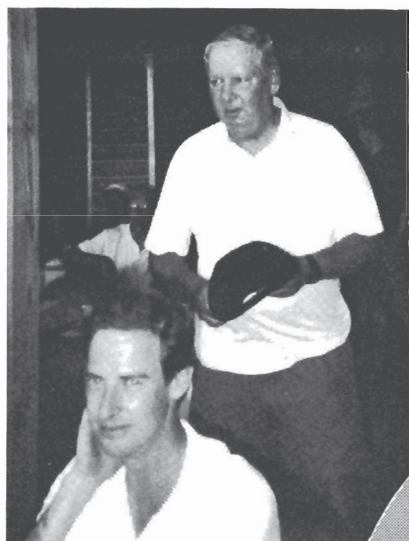

The major focus of the visit was to emphasize the importance of the Ritual in all our actions. So often brothers forget about the Ritual once they have left the chapter meeting or upon graduation from school. The intent of our discussions was that the Ritual is a device that can continue to shape our lives both during and after college.

The AES visit this year went a long way to dispel the negative stigma associated with AES visits of the past. In fact the program was so well received by the chapter that the brothers are looking forward to next year's AES visit.

## THANKS MIC!!!

The brothers of Delta Delta would like to thank Mic Mead '55 for his updated line drawing of the Chapter House now displayed in the "Data" masthead. Mic is currently Chief Executive Officer of Adventure 16 Inc. located in San Diego, CA.

## TWO STEPPING MOMS TURN GREAT HALL INTO COUNTRY DANCE HALL

As the town of West Lafayette began showing signs of spring, the residents of 202 Littleton Street knew that Mother's Day could not be far away. Mother's Day chairmen Brian Griffiths '95 and Jake Henry '96 led the troops at Delta Delta in the organization of the event and the extensive annual spring cleaning which always precedes our Mom's arrival.

Each Mother was greeted at the door with a blue and gold pin designating them as a Sigma Chi Mom. Over 200 fathers, brothers and sisters accompanied the mothers back to this year's event. Nancy with the help of several Moms put together a special lunch that delighted the guests. Following the meal Darryl Johnson, President of the Parents Club, served as the chief auctioneer in the traditional fund raiser. A number of nice items were contributed by the parents and at the end of the day over \$2000 had been raised for the

Parents' Club. In recent years, these funds have purchased a new basketball goal and a very nice set of porch benches. Both of these items have seen a great deal of use and the chapter is eager to find a way to best utilize this year's funds.

As the afternoon festivities came to an end, the brothers and their parents enjoyed the sunny weather and, more than likely, arranged for dinner at one of Lafayette's finer restaurants. Later that evening they all returned to the specially arranged Delta Delta Mom's Day Country Dance where the brothers, the sisters of Phi Mu and all of the parents kicked up their heels and two stepped the night away. As the sounds of country music filled the Great Hall a professional dance instructor taught everyone the basics of country line dancing. Based on the comments of our Moms they all had a great time and are anxiously awaiting to see what we have in store for them next year.

### SERGESKELTER AUTHORS QUALITY MANUAL

Bernie Sergeskelter '58 has co-authored a book *Quality is Personal: A Foundation For Total Quality Management*. His joint effort with Harry Roberts, a professor at the University of Chicago, outlines a system of total quality management based on personal characteristics. The authors contend that companies will show improvement in their overall performance if business leaders take a position that leads them to enhance their own personal practices.

Bernie practices what he preaches as his clear desktop will attest in his position as vice president of AT&T's central region. By addressing his own personal quality checklist he has shown others that his techniques can make an impact. In fact several universities are using his book as a text in their business-school courses.

A copy of Bernie's book is now in the Delta Delta library and for those wishing their own copy you can contact the publisher, The Free Press 866 Third Ave., New York, NY 10022.

*Continued from page 1*

Special thanks go to event organizer Tom Leslie '68 and other House Corp members Dave Westerbeck '83, Jim Trachtman '85, Jeff McKean '86, Chris Corrigan '85, Andy Cary '90, Jim MacDonald '80 and Phil Steele '77 for providing timely help. The most highly sought after prizes were the two footballs autographed by former Delta Delta Purdue quarterbacks Bob DeMoss, Bob Griesse, Jim Everett and Mark Herrmann.

As the brothers disbanded to head for home or to other spots to continue the revelry, each took with them a T-shirt displaying the Sigma Chi Cross and a great number of fond memories. Thanks to all who came and we hope to see everyone back next year.
